Frontend Libraries/Frameworks:	React, Redux, M-UI, Material Tailwind, Tailwind CSS, Bootstrap
Version Control:	Git, GitHub
HTTP Request Libraries:	Axios, Fetch
Deployment Platforms:	Netlify, Vercel
Communication Languages:	English, Hindi, Urdu

PROFESSIONAL EXPERIENCE

PAS Digital   Jan 2024 - Present
React Developer Intern

During this internship as a React Intern, I immersed myself in a dynamic environment where I honed my skills in front-end development and React.js. Collaborating closely with experienced developers, I actively contributed to the development of responsive and user-friendly web applications. Through hands-on projects, I gained practical experience in crafting efficient React components, managing state using redux, and integrating APIs to enhance functionality. Additionally, I embraced opportunities to troubleshoot and debug code, further strengthening my problem-solving abilities. This internship not only deepened my understanding of React.js but also instilled in me a strong sense of teamwork and adaptability.

Crio.DO (Part-Time)   Oct 2022 - Present
Fellowship in MERN Stack Development

Learned front-end development skills and working on multiple real-world projects, including debugging applications using Chrome Developer Tools and Console Terminal.

Sterlite Technology Ltd.   Oct 2018 - Jan 2023
Process Associate

I began my career as a Diploma Engineer Trainee in the cable manufacturing unit of STL. After 4.4 years I bid farewell to this organization and stepped into the world of programming.
